# Our Products

---

We are involved in manufacturing and supplying a wide range of **Kewra Water** & **Rose Water**.  
Our offered range is processed using high grade ingredients in compliance with international quality standards.

# Rose Water

Our product is an important constituent of various types of medicinal and cosmetic products. Offered in 50 ml, 100 ml, 200 ml, 600ml & 1000ml attractive packaging options, this rose water also acts as a good toner for fair and dry skin. Keybrand rose water is an accurate mixture of natural extract of rose and other precious herbs. Available in different quantities, this rose water not only cleanses and moisturizes the skin but also is very good for sensitive skin. Widely demanded for use in perfumes, cosmetic products, desserts and religious places like Mandirs, Dargahs, etc.

# Kewra Water

This water is formulated using Pandanus Flower under the guidance of our skilled professionals. This water is used for making perfumes and for adding flavor to delicious desserts. Our water is available in various sizes. Our Kewra water is extensively used in medicines, cosmetic and flavoring dishes. The exotic fragrance of kewra water not only provides calming effect but also ensures high mental relaxation.
