

DESIGN PORTFOLIO

Residential project: Mufaddal house

"Design is intelligence made visible." Alina Wheeler

Husain Kachwala has successfully adapted his passion into profession by studying interior designing from Nirmala Niketan Polytechnic College in 2012, Mumbai & began his journey under the guidance of Ar. Qutub Mandviwala, with MQA in 2012, Mumbai. Further extending his design philosophy, he has designed and executed projects from residential interiors to commercial spaces such as offices, retail outlets, salons, restaurants, resorts & turnkey projects.

Husain Kachwala
Principal Interior Designer

Having internalised the importance of making space useful & understanding how human behavior & interactions are shaped by INTERIOR DESIGN, he established an independent firm in 2018, that was named Al Maimoon Interior with the blessings & dua mubarak of his Holiness Dr. Syedna Mohammad Burhanuddin (RA) in the year 2011. The firm's focus is not just on interiors but on design as a broader concept. AMI is centered on aesthetics combined with site specific design & innovation which reflects creativity.

About the Founder: Husain's designs are the creative extension of himself. Clarity of thought, minimalism & functionality make his designs timeless. He has established himself as a designer who can work across a wide range of projects with equal elan & ensures that the delivered product stays true to the design drawings.

Vision: Use Interior as a medium to uplift society & space as beautiful as envisioned.

Mission: To bring to life the vision of clients & create designs to meet the needs of the evolving times.

The Fern – Ecotel , Bhavnagar

Fact File

Client: Iscon Group

Principal Architect: Qubub Mandviwala

Team: Ar. Altaf Saifee

Completion date: July 2016

1

Contemporary designs combined with modern aesthetics were the key elements of the new Fern Ecotel in Bhavnagar.

MQA understands that the core of every hotel or resort is its lobby giving the guests their first and final impression of the hotel. Hence, next to the progressive Furniture, which was created with natural wood the artistic play with the laser cut Jali work gives the lobby its characteristic appearance. Elements such as wooden battens that lay on the ceiling add warmth to the place.

The paneled corridors have subtle colour scheme with wall paneling that have grooves and the unique light fixtures add a contemporary feel to the spaces.

- 1 The resort's entrance.
- 2 The grand lobby of the resort.

2

3. The elegant pool area

4. The corridor space

26 DESIGN MATRIX - SEPTEMBER-OCTOBER 2016
